

The University of Virginia Department of Dermatology presents

The 38th Annual Southeastern Consortium for Dermatology: What's Old is New

Friday-Sunday, November 7-9, 2014

University of Virginia Health System
McLeod Hall

Course Director

Thomas G. Cropley, MD, FAAD
Professor of Dermatology
University of Virginia
Charlottesville, VA

COURSE OVERVIEW

The 38th Annual Southeastern Consortium for Dermatology: What's Old is New is designed to provide academic, general, surgical and community-based dermatology physicians, physician's assistants, and nurse practitioners an opportunity to learn about and discuss the advances in the diagnosis and treatment of patients with skin disease. Practice gaps to be addressed include medical treatment of skin disease, infectious diseases of the skin, and cutaneous oncology. Presenters across multiple disciplines will describe a complete approach to patient care. Participants will gain knowledge and skills that, when applied in practice, will support improvement in outcomes in their patients.

EDUCATIONAL OBJECTIVES

At the conclusion of the *What's Old is New* session, the participant should be able to:

- State the latest advances and applications of antimalarial medications for dermatologic conditions.
- Discuss the uses of sulfur-based medications in the treatment of common skin conditions including demodex.
- Effectively use dapsone, potassium iodide, coal tar, and vioform in the treatment of dermatology patients.
- Understand updated treatment strategies to effectively manage the patient with ichthyosis.

At the conclusion of the *Infectious Diseases in Dermatology* session, the participant should be able to:

- Recognize and utilize the most effective therapy for common fungal infections.
- Understand the approach and updated treatment strategies for Leishmaniasis.
- Recognize and effectively manage common cutaneous manifestations in patients with HIV.

At the conclusion of the *Cutaneous Oncology* session, the participant should be able to:

- Understand updated treatment strategies for common cutaneous malignancies including basal cell carcinoma, squamous cell carcinoma, and melanoma.
- Recognize the appropriate use criteria for Mohs surgery.
- Understand the role of photodynamic therapy for treatment of non-melanoma skin cancer.

DIRECT PROVIDERSHIP ACCREDITATION AND DESIGNATION STATEMENT

The University of Virginia School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The University of Virginia School of Medicine designates this live activity for a maximum of **11.75 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

HOURS OF PARTICIPATION STATEMENT

The University of Virginia School of Medicine awards **11.75 hours of participation** (equivalent to *AMA PRA Category 1 Credits™*) to each non-physician participant who successfully completes this educational activity. The University of Virginia School of Medicine maintains a permanent record of participation for six (6) years.

DISCLOSURE OF FACULTY FINANCIAL AFFILIATIONS

The University of Virginia School of Medicine, as an ACCME accredited provider, endorses and strives to comply with the Accreditation Council for Continuing Medical Education (ACCME) Standards of Commercial Support, Commonwealth of Virginia statutes, University of Virginia policies and procedures, and associated federal and private regulations and guidelines on the need for disclosure and monitoring of proprietary and financial interests that may affect the scientific integrity and balance of content delivered in continuing medical education activities under our auspices.

The University of Virginia School of Medicine requires that all CME activities accredited through this institution be developed independently and be scientifically rigorous, balanced and objective in the presentation/discussion of its content, theories and practices.

All faculty presenters participating in an accredited CME activity are expected to disclose relevant financial relationships with commercial entities occurring within the past 12 months (such as grants or research support, employee, consultant, stock holder, member of speakers bureau, etc.). The University of Virginia School of Medicine will employ appropriate mechanisms to resolve potential conflicts of interest to maintain the standards of fair and balanced education to the participant. Questions about specific strategies can be directed to the Office of Continuing Medical Education, University of Virginia School of Medicine, Charlottesville, Virginia.

The faculty and staff of the University of Virginia Office of Continuing Medical Education have no financial affiliations to disclose.

DISCLOSURE OF DISCUSSION OF NON FDA-APPROVED USES FOR PHARMACEUTICAL PRODUCTS AND/OR MEDICAL DEVICES

The University of Virginia School of Medicine, as an ACCME provider, requires that all faculty presenters identify and disclose any off-label uses for pharmaceutical and medical device products. The University of Virginia School of Medicine recommends that each physician fully review all the available data on new products or procedures prior to clinical use.

ATTENDANCE

The University of Virginia Office of Continuing Medical Education requires that all participants at live CME activities sign attendance sheets daily to confirm participation in the CME activity for that day. Participants are responsible for accurately tracking their actual participation at live events.
