

**The Fourth Annual
Population Health Summit for Virginia
"Addressing Needs of Populations
Within Communities"**

March 23, 2018

Jointly hosted by:

Virginia Department of Health

The University of Virginia - Department of Public Health Sciences

VCU Health

Virginia Center for Health Innovation

Charlottesville Omni Hotel

Provided by the Office of Continuing Medical Education, University of Virginia, School of Medicine

OVERVIEW

Population Health interventions are as unique as the individuals we serve. Engaging presentations and interactive break out groups will highlight the diversity in populations, and how interventions can be tailored to best meet the complex needs of residents in the Commonwealth. We invite healthcare professionals, administrators, school professionals, public health officials, public safety, policy makers, and all others to join together and address common challenges faced in our communities such as mental health, chronic illness and health equity in various stages of the lifespan from women/children, adolescence, aging population and employees.

DESIRED OUTCOMES

- Identify and discuss current initiatives in Virginia focused on population health.
- Link attendees to resources according to populations they serve
- Engage in critical thinking to address complex and challenging population health concerns in the Commonwealth
- Collaborate and network with participants and organizations to share ideas for improving population health in Virginia

ACCREDITATION and DESIGNATION STATEMENT

The University of Virginia School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The University of Virginia School of Medicine designates this live activity for a maximum of **6.5 AMA PRA Category 1 Credits**.TM Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The University of Virginia School of Medicine awards 6.5 hours of participation (equivalent to *AMA PRA Category 1 Credits*.TM) to each non-physician participant who successfully completes this educational activity. The University of Virginia School of Medicine maintains a record of participation for six (6) years.
