

# VCCRT

Virginia Colorectal Cancer Roundtable

## Together Increasing Colorectal Cancer Screening

March 31, 2021

7:00pm - 8:15pm

Register at: [www.tinyurl.com/VCCR2021](http://www.tinyurl.com/VCCR2021)

1.25 CE Credits Available

Recordings will be available for 60 days after the event.

### Featuring:

**Cindy Yoshida, MD**

Gastroenterologist and  
VCCRT Co-Chair  
UVA Health

**Alexander Krist, MD**

Family Physician and Primary  
Care Researcher  
VCU Health

**Lindsey Bierle, DO**

Family Medicine Resident  
Carilion Clinic

## Agenda

## Desired Outcomes

- 7:00pm**     **Introduction of Speakers and Housekeeping**  
Lindsay Hauser  
Director, Office of Outreach and Engagement  
UVA Cancer Center
- 7:10pm**     **COVID-19 and the Impact on Colorectal Cancer Screening**  
Cindy Yoshida, MD  
Gastroenterologist  
UVA Health  
Co-Chair, Virginia Colorectal Cancer Roundtable
- 7:20pm**     **Overcoming Barriers and Catching Up Using Best Practices**  
Alexander Krist, MD  
Primary Care Physician  
VCU Health
- 7:40pm**     **Risk Assessment for Colorectal Cancer Screening**  
Lindsey Bierle, DO  
Internal Medicine Resident  
Carilion Clinic
- 8:00pm**     **Facilitated Q&A Session**  
Lindsay Hauser  
Director, Office of Outreach and Engagement  
UVA Cancer Center

After participating in the 75 minute webinar, participants will learn how to:

1. Persist in colorectal screening efforts throughout the COVID-19 pandemic using methods that include home-based screening options,
2. Promote and improve shared decision making with patients around colorectal screening methods, and
3. Determine patient risk for colorectal cancer as well as screening options available

### Program Description & Target Audience

This webinar will inform healthcare providers (MD, RN, PA, NP and navigators) on the decline in screening during the pandemic and the increased need from the change in screening age, as well as appropriate screening options that include home based tests for colorectal cancer screening.

Patients are deferring colorectal cancer screenings because Covid19. Patients of average risk are not being offered screening options for colorectal cancer screening and are not advised to start screening until they reach age 50. Primary care health care providers are the point of access to colorectal cancer screening for their patients. Providers will learn how to determine risk level for colorectal cancers and about screening options, tools, and processes that can increase screening uptake.

### Planning Committee

Debbie Cadet, PhD, MSW VCU Massey Cancer Center  
Mindy Conklin, MS, MEd Hitting Cancer Below the Belt  
Charlotte Garrett, RN VCU Massey Cancer Center  
Lindsay Hauser, MS UVA Cancer Center  
Rigey King, American Cancer Society

Ann Rigdon, MSN, RN UVA Health  
Ann Vaughan, CACV  
Cindy Yoshida, MD UVA Health  
Andrea Zimmerman, EdD UVA Health

Lindsay Hauser LH7YN@hscmail.mcc.virginia.edu.**

**Free Registration is available at  
tinyurl.com/VCCR2021**

**Registration will close midnight on 3/26/21.**

This activity is financially supported by the UVA Cancer Center and free of charge to learners. The course syllabus will be available online only the week of the conference until 60 days after the conference.

Please Note: Policies on cancellation, payment methods, and accommodation requests can be found on our website under FAQs. Additional questions, please contact uvacme@virginia.edu or 434-924-5310.

### Accreditation & Designation Statements

In support of improving patient care, this activity has been planned and implemented by the Virginia Colorectal Cancer Roundtable and the University of Virginia School of Medicine and School of Nursing is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

This activity was planned by and for the healthcare team, and learners will receive a maximum of 1.25 Interprofessional Continuing Education (IPCE) credits for learning and change.

#### AMA PRA Category 1 Credit

The University of Virginia School of Medicine and School of Nursing designates this live activity for a maximum of 1.25 AMA PRA Category 1 Credits. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

#### ANCC Contact Hours

The University of Virginia School of Medicine and School of Nursing awards 1.25 contact hours for nurses who participate in this educational activity and complete the post activity evaluation.

#### AAPA CME Credit

This activity is designated for 1.25 AAPA Category 1 CME credits. Approval is valid until 6/1/2021. PAs should only claim credit commensurate with the extent of their participation.

#### Hours of Participation

The University of Virginia School of Medicine and School of Nursing awards 1.25 hours of participation (consistent with the designated number of AMA PRA Category 1 Credit(s) or ANCC contact hours) to a participant who successfully completes this educational activity. The University of Virginia School of Medicine and School of Nursing maintains a record of participation for six (6) years.

#### MOC Points

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 1.25 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit. This activity, approved for ABIM MOC II, is accepted with reciprocity by the American Board of Family Medicine (ABFM) MOC II.
